CHEWELAH SCHOOL DISTRICT #36 BOARD OF DIRECTORS WORK SESSION District Office, 210 N. Park St. June 13, 2024

Chairperson Judy Bean called the work session to order at 6:30 PM. Directors Theolene Bakken, Donna Eastabrooks, and Dan Krouse were present. Director Position 2 is vacant. Superintendent Jason Perrins was also present. No audience members attended. Following the flag salute, the first item of business was:

Director Bakken requested the addition of a discussion of the Quail Hollow assisting living facility expansion to the agenda. Chairperson Bean stated the item would be added as 7a. Director Eastabrooks moved to approve the agenda as modified. MC

Superintendent Perrins reported on the following:

- Staff year end barbeque with longevity and superintendent awards was held today. Thanked Chairperson Bean and Director Krouse for cooking.
- Has researched Quail Hollow expansion
- Staff professional development June 18 and 19 for Gess staff and June 20 and 21 for Jenkins 9th grade success team
- Summer school nurse position is unfilled but still trying to fill it to prevent students with healthcare plans from being unable to attend summer school
- June regular board meeting is Tuesday, June 18
- Overnight student travel to summer activities will not be a district responsibility after this summer

The Board discussed plans to regularly share with the community and staff the actions the District is taking to address community, staff, and District concerns. Each director shared their concerns and those they have received from community and staff members. The Board discussed communication methods and content. They agreed on the importance of providing clear, consistent, ongoing communication using a variety of methods such as written one-pagers, posting information on the website and on the reader board, and publishing information in the local newspaper. The Board will create a one-page, monthly communique that Director Bakken will begin drafting. The document will include a QR code for submitting anonymous feedback to the Board and Superintendent.

Director Bakken expressed her concerns about maintaining a safe learning environment in response to a Quail Hollow resident vandalizing Jenkins Jr/Sr High School and the potential for additional behaviorally challenged residents in the future. She feels this creates a liability for the District and that the Board should take formal legal action against Quail Hollow and the State of Washington. The Board directed Superintendent Perrins to contact District and WSSDA legal counsel regarding the District's options. Superintendent Perrins explained that he has spoken to Mayor McCunn and Senator Shelly Short about the addition at Quail Hollow and potential new residents and they believe the owner may not pass the second permitting process.

Chairperson Bean adjourned the work session at 7:47 PM for an executive session to discuss the performance of a public employee in accordance with RCW 42.30.110(1)(g). The executive session is expected to end at 7:57 PM. The executive session ended at 7:57 PM and the regular meeting reconvened.

Next meeting is the June 18, 2024, Regular Meeting at 6:30 PM at the District Office.

With there being no other business, the meeting was adjourned at 7:57 PM.

Course Design, Selection and Adoption of Instructional Materials & Instructional Materials Committee

Chewelah School Board recognizes its responsibility for the improvement and growth of the educational program of the schools in the district. RCW28A.320.230 provides the statutory authority for the school board in the adoption of instructional materials.

The primary objective in selecting instructional materials is to implement, enrich, and support the educational program of Chewelah schools. In alignment with the Chewelah School District Curriculum Management Plan, instructional materials will be selected to ensure alignment with learning standards and enable all students to master the foundational skills and knowledge needed to be prepared for college, career and citizenship. As appropriate to a given course, adopted and approved instructional materials will be used by teachers for instruction. Approved supplementary instructional materials may be used to enhance and support adopted instructional materials.

Definitions

For this policy and procedure, the following definitions will apply:

- 1. Course is defined as the program of instruction kindergarten through the 12th grade.
- 2. Curriculum is defined as the learning standards that teachers teach; adopted instructional materials, courses, scope and sequence, presentations, activities, assignments, projects provided to students, and assessments and other methods to evaluate learning.
- 3. Instructional Materials are all materials designed for use by students to acquire facts, skills, concepts, and to develop cognitive processes. These instructional materials, used to help students meet State or District learning standards, may be printed or digital, and may include textbooks, technology-based material, other educational media, and assessment. Materials may carry different licensing types from open to all rights reserved. For the purposes of this policy, the school board recognizes the following categories within the types of instructional materials defined as Adopted Materials and Approved materials.

Instructional Materials Committee

The Instructional Materials Committee (IMC) is established to review and monitor procedures for the evaluation and recommendation of core materials used in the district in conformance to stated criteria. The committee will act upon requests for core material adoption and will evaluate and act upon citizens requests for reconsideration of core materials. Instructional Materials Committee is the body that makes core instructional material adoption recommendations to the School Board based on district procedures.

Adopted Instructional Materials: These materials are recommended by the Instructional Materials Committee base on the work of a content recommendation committee and adopted by the school board.

Approved Instructional Materials: These materials are identified by certificated instructional staff and approved for use by the superintendent/superintendent's designee and do not require board approval.

Categories of Adopted Materials and Requirements for Adoption/Approval:

Core Instructional Materials are the primary instructional resources for a given course. They are district-adopted and provided to all students to help meet learning standards and provide instruction towards course requirements. Core Instructional materials require Board Adoption.

Alternative Core Materials are the primary instructional materials for a given course that are used with a subset of students. These materials are intended to replace adopted core materials and may be used for specialized course offerings or flexible learning environments. Require Board Adoption.

Intervention Materials are designed to support strategic or intensive intervention for students who are at risk of not meeting established learning standards. Intervention materials are used with students to accelerate progress toward particular learning goals based on systematic assessment, decision-making, and progress monitoring. Requires Superintendent/Designee Approval. based upon evidence from reputable sources (e.g., National Center on Response to Intervention Johns Hopkins Best Evidence Encyclopedia).

Supplemental Materials are used in conjunction with the core instructional materials of a course. These items extend and support instruction. Supplemental instructional materials may contain additional content or present content at a different level of difficulty or in a different medium. They include, but are not limited to, books, periodicals, visual aids, video, sound recordings, computer software and other digital content. Requires Superintendent/Designee Approval.

The Superintendent may delegate responsibility for examining, evaluating, and selecting all supplemental and temporary supplemental materials to the principal or professional staff of the district. This includes preparing all student reading lists using state standards-aligned resources/repositories. Staff will rely on reason and professional judgment in the selection of high-quality supplemental materials that align to state learning standards and are appropriate for the instructional program and developmental level and interests of their students. Staff will give due consideration to the text complexity, developmental level of students; appropriateness of language or images; bias against racial, gender, ethnic, or other social groups; and other sensitive issues.

Course Design

District course design and core instructional materials should be free from bias, reviewed regularly to ensure their ongoing alignment with state law, teaching and learning standards, and research-based best practices. All students will receive high quality core instruction and as appropriate, strategic and intensive interventions/supports matched to student needs.

The superintendent or designee will establish a regular cycle of course design and review that includes examination by curriculum content committees composed of district subject area teachers, administrators, student and parent reps as appropriate, and if needed external content experts.

The course design process should review and include:

- Relevance, rigor, and alignment to state learning standards;
- Efficacy of core, alternative core, supplemental, and intervention instructional materials that support student learning; and
- Processes and resources used to assess student progress and address teacher professional learning needs.

Newly Designed Courses

Newly designed courses are developed through a principal/superintendent process with Board adoption if academic credit is to be assigned. Newly designed courses and new material selection will follow the IMC process.

Major Modifications to Existing Courses

Majorly modified existing courses follow a principal and superintendent process with Board adoption if academic credit is to be assigned. Majorly modified courses and new material selection will follow the IMC process.

Course Design, Selection and Adoption of Instructional Materials & Instructional Materials Committee

Selection and Adoption of Instructional Materials

For the purposes of this procedure, the definitions from Policy 2020 will apply. District course design and core instructional materials will be regularly reviewed to ensure their ongoing alignment with state law, teaching and learning standards, and research-based best practices. All students will receive high quality core instruction and, as appropriate, strategic and intensive intervention supports matched to student needs.

Roles and Responsibilities

Certificated Teaching Staff serve on curricular content review committees and IMC as appointed.

Principals ensure staff membership appointments to curricular content committees and staff/parent/student appointments to the IMC and familiarity of his/her certificated staff with the requirements of this policy and procedures.

The **Superintendent** provides leadership and oversight of the curricular/course design process and review, including timelines, schedules of review; designation of curricular committees and review/development processes. Approves Intervention and Supplemental materials and Pilot projects. The district office will provide technical assistance/oversight as may be necessary to accomplish this process. The superintendent will ensure that a listing of all core instructional materials used within the school curriculum is maintained in the district and is available for public review either in-person or online. The intent of the board is that the superintendent delegate responsibility for examining, evaluating, and selecting all supplemental and temporary supplemental materials to the professional staff of the district. This includes preparing all student reading lists.

The **School Board** approves the membership of the IMC and considers/adopts materials recommended to the IMC.

Instructional Materials Committee Selection and Adoption of Instructional Materials

For the purposes of this procedure, instructional materials used in the school district will be classified as Core, Alternative Core, Intervention, and Supplemental, and will be adopted or approved per Policy 2020. The principal is responsible for ensuring the continuing familiarity of his/her certificated staff with the requirement of this policy and procedure. The district office will provide technical assistance necessary to accomplish this.

The Instructional Materials Committee (IMC) is established to review and monitor procedures for the evaluation and recommendation of **all curriculum approval requests and core** materials used by the district in conformance to stated criteria. The committee will act upon requests for core material approval and will evaluate and act upon citizens' requests for reconsideration of core materials.

Committee meetings will be held on a monthly schedule determined by the district. Special meetings may be called by the committee chairman if necessary.

The superintendent or designee will provide teachers, principals, student and parent reps, and content committee chairs with copies of the committee meeting schedule and copies of materials to

be considered a week prior to the scheduled meeting. Composition of the Instructional Materials Committees will the curriculum content representative(s): at least one principal; at least two parents (state law provides that parents must make up less than one-half of the committee) and a technology representative if the material requires the implementation of technology resources. Member appointees will be forwarded to the superintendent from building administrators. Membership must be approved by the Board of Directors. The chairperson and the secretary will be permanent members of the committee. Other members will serve here-year terms. Temporary appointments of one year or less may be made to fill vacancies.

Existing Courses

The superintendent or designee will establish a regular cycle of course design review and development. The cycle will cover each content area to ensure current course relevance.

Recommendations of a review may lead to:

- Affirmation of continued use of current processes and instructional materials:
- Establishment of a timeline for completion of recommended tasks;
- Creation and assignment of tasks to subcommittees as required to select, write, or revise the course design:
- Recommendation of new instructional materials selection to the Instructional Materials Committee.

New Courses or Major Modifications to Existing Courses

New course offerings or major course modifications that propose significant changes to course objectives or scope of the course will be reviewed by: a content curriculum committee; the Superintendent or designee prior to being scheduled to ensure that the course is rigorous, utilizes appropriate instructional materials, and is a carefully considered part of the school's college and career pathways. The new course design will identify needed staff development for implementation and communication plans regarding understanding/purpose of the new course and any state or district requirements.

When the implementation of new or modified courses requires the adoption of new instructional resources, those resource recommendations will be forwarded to the Instructional Materials Committee for consideration by the process outlined in these procedures.

Course Design

District courses will be reviewed regularly to ensure their ongoing alignment with state law, teaching and learning standards and researched-based best practices. All students will receive high quality core instruction as appropriate, strategic and intensive intervention/supports matched to student needs and free from bias.

The superintendent or designee will establish a regular cycle of course design review and development that includes examination by review committees composed of district subject area coordinators and, as appropriate, external content area experts. This review cycle should be based on student need, changing demographics and funding. The cycle should cover each content area to ensure current course relevance. The course design process should review and include:

Relevance, rigor, and alignment to state learning standards;

- Efficacy of core, alternative core, and intervention instructional materials that support student learning; and
- Processes and resources used to assess student progress and address teacher professional learning.
- Recommendations of this review may lead to:
- Affirmation of continued use of current processes and instructional materials;
- Establishment of a timeline for completion of recommended tasks;
- Creation and assignment of tasks to subcommittees as required to select, write, or revise the course design;
- Recommendation of new instructional materials selection to the Instructional Materials Committee;
- Design of course implementation and staff development plans;
- Identification of projected budget needs in accordance with established timelines; and/or
- Maintained communications with impacted stakeholders.

Course Syllabi

Course syllabi will be written for all stand alone courses grades 6-12.

Open Educational Resources

Open Educational Resources (OER) are teaching and learning resources that reside in the public domain or have been released under an intellectual property license that permits their free use and re-purposing by others. A wide variety of free, high quality instructional content is available from supplemental to core instructional materials. OER are subject to the same selection and adoption procedures as other instructional materials outlined in this document.

Technology-Based Resources

When instructional materials are technology based, district educational technology staff will be consulted regarding the technological impacts of the suggested program. Equity of access for students and teachers must be considered for all core materials delivered in digital formats.

Criteria for Selection of Core Instructional Materials

Core instructional materials shall be selected based upon the degree to which they:

- 1. Demonstrate likelihood of impact as shown by scientific or evidence-based research;
- 2. Enable implementation of the district's developed curriculum and meet state standards and College Readiness requirements;
- 3. Provide sufficient flexibility to meet the varied needs and abilities of the students served;
- Provide clear and appropriate differentiation components for English Language Learners, special education students, students with academic opportunity gaps, and highly capable students;
- 5. Where appropriate, present balanced but differing views of issues, controversial or otherwise, in order that students may develop critical analysis and informed decision-making skills;
- 6. Demonstrate consideration of appropriate format(s) (including technological, visual, and/or auditory components);
- 7. Support an equitable access to learning and learning materials for all students; including the provision of appropriate, high-quality accessible instructional materials to all students with disabilities who require them; and

8. Recognize bias in resources to serve appropriately for students to learn different points of view.

To prevent stereotyping and propaganda in historical or contemporary context, the Washington Models for the Evaluation of Bias Content in Instructional Materials, published by the Office of Superintendent of Public Instruction (OSPI) should be consulted in the selection process to further the goal of eliminating content bias: Core material will be reviewed to ensure compliance with the above selection criteria and by using instructional material evaluation tools listed on the OSPI website:https://www.k12.wa.us/CurriculumkInstructionalMaterialsReview.aspx

Recommendation of Core Instructional Materials

The IMC will receive recommended district material proposals through superintendent-assigned staff. Core material will be reviewed according to superintendent-established procedures to ensure compliance with the above selection criteria and by using instructional material evaluation tools listed on the OSPI website: https://www.k12.wa.us/CurriculumInstruct/InstructionalMaterialsReview.aspx

Implementation of Core Instructional Materials' Adoptions

To implement core instructional materials, the Superintendent will develop a plan to train all teachers who utilize the adopted core instructional materials. Teachers are required to receive the identified professional learning. The professional learning will provide instruction on the proper use and best instructional practice to implement the adopted instructional materials. Additionally, a program evaluation plan will include a measure of core instructional materials impact on student learning. Core materials will be adopted by the board prior to their use in classrooms.

Pilot Testing

The Superintendent or designee may authorize the use of pilot testing for a period of one year prior to adoption through the formal process. Pilot testing can provide a flexible opportunity to investigate the effectiveness of curricular approaches, instructional materials, and/or assessment resources through careful experimentation for an identified purpose based on student needs.

College in the High School, Advanced Placement (AP), and/or International Baccalaureate (IB) College in the High School, AP, and/or IB courses may have varying course designs and material requirements as necessitated by their course credit transfer requirements.

Citizen Access to View Core Materials

Members of the community are invited to review any core instructional materials in current or proposed use. Such review may be accomplished at the school, in the district office, or online. The review and examination process should be arranged in a way to avoid disrupting the educational program. The review of core materials should be undertaken with the knowledge of district objectives in mind.

Intervention Instructional Material Selection – already in policy

Instructional materials designed to support strategic or intensive intervention for students who are at risk of not meeting established learning standards will be approved by the superintendent or designee based upon evidence from reputable sources (e.g., National Center on Response to Intervention, Johns Hopkins Best Evidence Encyclopedia).

July 17, 2024

The superintendent will delegate responsibility for examining, evaluating, and selecting all supplemental and temporary supplemental materials to the principal or professional staff of the district. This includes preparing all student reading lists using state standards-aligned resources/repositories. Staff will rely on reason and professional judgment in the selection of high-quality supplemental materials that align to state learning standards and are appropriate for the instructional program and developmental level and interests of their students. Staff will give due consideration to the text complexity, developmental level of students; appropriateness of language or images; bias against racial, gender, ethnic, or other social groups; and other sensitive issues.

Protest Procedure for Instructional Materials

When a parent/guardian or employee challenges any instructional materials used or restricted from use in the schools, the following steps should be taken:

- 1. Concerns should first be discussed with the certificated teacher and/or the school principal. All parties are urged to resolve the concern at this level.
- 2. If the concerns cannot be resolved through discussion at the school level, the following steps will be taken, and the challenged instructional material will continue to be used until a decision is rendered:
- a. If the challenged instructional material is Supplemental or Intervention in nature, at a parent's written request to the principal, the Supplemental or Intervention material may be asked to be withdrawn from their student. The principal will facilitate a meeting of the complainant(s) and appropriate school staff. Following the meeting, the principal will respond with a written decision. If warranted by the scope of the supplemental material, an appeal may be submitted to the Superintendent or designee. If the instructional material is Core or Alternative Core, the parent/guardian or employee may register a request for reconsideration with the Superintendent or designee. This request will be forwarded to the Instructional Materials Review committee if the material is Core or Alternative Core. The IMC will review the complaint and establish a timely process for public consideration of the complaint, if appropriate and forward their recommendation to the Board.

All instructional material reconsideration decisions will be by majority vote of the IMC. Decisions of the committee will be delivered in writing to the Superintendent, complainant, and affected staff within ten (10) school business days.

Positive Behavioral Interventions and Supports (PBIS) Framework

At Gess Elementary, we implement the Positive Behavioral Interventions and Supports (PBIS) framework to foster a positive and effective learning environment for all students. PBIS is a proactive approach designed to establish the behavioral supports and social culture necessary for all students to achieve social, emotional, and academic success. Our discipline process under PBIS emphasizes teaching and reinforcing clear expectations for behavior.

Character Traits

<u>Respectful</u>: We encourage students to show respect by listening to others, following directions, and treating everyone with courtesy and consideration.

<u>Responsible</u>: Students are expected to take responsibility for their actions, complete their tasks, and contribute positively to the school community.

<u>Safe</u>: Safety is a priority; students should follow school rules, use materials and equipment appropriately, and move around the school in an orderly manner.

<u>Kind</u>: Kindness is shown through acts of compassion, helping others, and maintaining a positive attitude towards peers and staff.

Classroom Management and Communication

Gess Elementary staff utilize the PBIS framework when creating their classroom management systems. Classroom teachers will communicate with families to inform them when a situation arises in the classroom. Teachers will send home a referral form to document the behavior, ensuring families are aware and involved in addressing the issue.

In the event the behavior falls under the category of a major infraction, administration will contact the family directly to discuss the situation and collaborate on the next steps. By working together, we aim to support students in making positive choices and developing lifelong skills that contribute to their overall well-being and success.

CHEWELAH SCHOOL DISTRICT NO. 36 RESOLUTION NO. 2023/2024-10 ADOPTION OF 2024-25 BUDGET

A RESOLUTION of the Board of Directors of Chewelah School District No. 36, Stevens County, Washington, fixing and determining fund appropriations; adopting the 2024-25 budget, the four-year budget plan summary and the four-year enrollment projection; approving certain fund transfers and providing for other related matters.

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF CHEWELAH SCHOOL DISTRICT NO. 36, STEVENS COUNTY, WASHINGTON, AS FOLLOWS:

- Section 1. Findings and Determinations. The Board of Directors (the "Board") of Chewelah School District No. 36, Stevens County, Washington (the "District"), takes note of the following facts and hereby makes the following findings and determinations:
- (a) Pursuant to RCW 28A.505.040, the District has completed the budget for the 2024-25 fiscal year and published electronic notice of the same on its website. The 2024-25 budget includes, among other things, certain fund transfers, a complete financial plan of the District for the ensuing 2024-25 fiscal year and a summary of the four-year budget plan that includes a four-year enrollment projection.
- (b) Pursuant to RCW 28A.505.060, the Board shall adopt the 2024-25 budget on or before August 1, 2024. Prior to adoption of the 2024-25 budget, the Board shall meet and conduct a public hearing to allow any person to be heard for or against any part of the 2024-25 budget, the four-year budget plan, or any proposed changes to uses of enrichment funding under RCW 28A.505.240 (a/k/a educational programs and operation levy).
- (c) The Board, following notice thereof being published in a newspaper of general circulation within the District, conducted a public hearing on July 17, 2024, in accordance with the requirements of RCW 28A.505.060 for the purpose of adopting the 2024-25 budget.
- Section 2. Fixing and Determining Fund Appropriations; Adoption of 2024-25 Budget, Four-Year Budget Summary and Four-Year Enrollment Projection.
- (a) The Board hereby fixes and determines the appropriation from each fund contained in the 2024-25 budget, as follows:

General Fund	\$ 15,307,055	
Capital Projects Fund	\$ 7,183,658	
Transportation Vehicle Fund	\$ 726,800	
Debt Service Fund	\$ 0	
Associated Student Body Fund	\$ 330,600	

(b) The Board hereby adopts the 2024-25 budget, the four-year budget plan summary, and the four-year enrollment projection and the appropriations as fixed and determined above, all of which are on file with the District and incorporated herein by this reference.

Section 3. Fund Transfers.

The Board hereby approves and adopts all fund transfers as described in the 2024-25 budget.

Section 4. General Authorization and Ratification.

The Secretary to the Board, the Chair of the Board, and other appropriate officers of the District are hereby further authorized to take all other action, to do all other things consistent with this resolution, and to execute all other documents necessary to effectuate the provisions of this resolution, and all actions heretofore taken in furtherance thereof and not inconsistent with the provisions of this resolution are hereby ratified and confirmed in all respects.

ADOPTED by the Board of Directors of Chewelah School District No. 36, Stevens County, Washington, at an open public meeting thereof, of which due notice was given as required by law, held this 17th day of July 2024, the following Directors being present and voting in favor of the resolution.
